

St Augustine's CE Primary School

Catch up funding plan 2020-2021

January 2020

'Achieving excellence together'

Defined by pupils, staff, parents and governors January 2018

Catch-up Funding

Catch-up funding is additional government funding to support children and young people to catch up when they return to school. This includes a one-off catch-up premium for the 2020 to 2021 academic year to ensure that schools have the support they need to help all pupils make up for lost teaching time.

Schools should use this funding for specific activities to support their pupils to catch up for lost teaching over the previous months, in line with the curriculum expectations for the next academic year.

While schools can use their funding in a way that suits their cohort and circumstances, they are expected to use this funding for specific activities which will help pupils catch up on missed education.

Catch-up Funding Allocation

St Augustine's has been allocated £14 720 of catch-up funding. Autumn term (25% of amount £3680)

We aim to use this in the following ways:

Planned Expenditure

Target Group	Objective	Action	Cost	Intended Outcome	Actual Impact – to be reviewed in July 2021
